BILL DONOVAN AND BENDER PITCH TODAY

PHILADELPHIA, September 18.-With big "Chief" Bender, the Chippewa Indian, on the firing line for Philadelphia, and "Wild Bill" Donovan doing the twirling for Detroit, the two contenders for the American League base ball championship will meet at Shibe Park at 3 o'clock this afternoon for the third game of the final two previous days, perfect weather prevails. That Philadelphia has the base bail fever and is rooting hard for the home race for the flag is shown in the attendance at the two games played. Notwithstanding that rain fell during the first game and that threatening weather prevailed almost up to the time play was called in the second, more than 52,000 persons saw the two contests. Because of the intensified interest in the struggle and the beautiful weather a record-breaking crowd is expected at the spacious new ball

Yesterday's defeat of Philadelphia was a severe blow to the home players, as they had set their hearts on winning all four games to be played, and thus tie the leaders for first place. Of all of Philadelphia's pitchers Krause was expected to win his game.

Bender has been fairly successful against Detroit, and as the weather is just right for him to extend himself the local men look for a victory. But Donovan, who is a Philadelphian, and is quite popular among local base ball goers, has many times taken Philadelphia's measure, and Manager Jennings thinks that this will be Donovan's day.

Only thirty points separate the two teams. Detroit will play here again Monday, and then will visit the three other cities in the eastern circuit for eleven games. All of Philadelphia's remaining games are on the home grounds. The season's record to date between the two teams shows Philadelphia to have won twelve of the twenty games played.
